# About Dexion

---

In 2018, Gonvarri Industries acquired the Constructor Group comprising of Dexion, Constructor and Kasten and Gonvarri Material Handling was formed to become the new group parent.

Dexion is a prominent member of Gonvarri Material Handling, a family of brands which can trace its origins back to 1856.

## Dexion's Audacious Beginnings

The Dexion company (from the Ancient Greek meaning 'Right') was originally forged from Comino's hunger for efficiency gains across his printing business. Namely, the need for paper and type storage racks that could quickly and easily be dismantled and reused.

Comino's persistence and tenacity paid off. By 1947 he had developed the 'Dexion Slotted-Angle', a framing material that was, weight-for-weight, stronger than wood, and that could be stored in a fraction of the space needed for wooden timbers.

The first adjustable storage system had arrived, and blazed the trail for Dexion's purpose-built pallet racking and shelving systems.

Dexion quickly became the benchmark for innovation with a number of outstanding milestones:

- 1956** Slotted-Angle used to build Olympic Stadium
- 1957** 1st Mobile Pallet Racking installation
- 1963** 'Dexiongrad' built to support the Yugoslavia earthquake relief
- 1970** Production of Steel Shelving begins
- 1980** 1st Paternoster installed
- 1999** Dexion is acquired by Constructor Group and P90 system launched
- 2000** Hi280 system launched
- 2003** 1st Tornado automatic storage installed
- 2011** Cantilever range launched
- 2014** P90+ system launched

It is testament to those early pioneers that these systems are still much in demand today.

# Introduction to shelving

---

From a single shelving bay, to a vast installation, Dexion's wealth of expertise and resources ensure your shelving not only meets your requirements right here, right now, but can accommodate your ongoing and changing needs in the future.

In fact, whether your facility operates to a multi-tier or mobile set-up, our wide selection of shelving systems are perfect for small-parts storage, organisation and identification in warehouses and picking areas.

Dexion offers something for everyone, making for a world-class blend of performance, security and economy, all while complying with safe working practices and local requirements and regulations.

**Standard  
shelving**

**Mobile**

**Two tier**

**Multi tier**

**Narrow  
aisle**

**High rise  
and Mini  
load**
